2. Write the differences between regular and irregular objects.

Subject – Social Studies

Lesson –Development Stages of Human Society

- a. Read the following note and answer the following questions:**

Major achievements of the Primitive Stage:

- Invented fire by rubbing pebbles, and using softwood and fur
- Developed cooking
- Started to live in a group and share their activities
- Learned to share food with other groups and store food for future
- Started the system of choosing a leader for giving leadership to the group
- Started the division of work: women and children stayed at settling place and the young and experienced members hunted, fished and collected edible roots and fruits
- Started to create and control their base
- Started making better weapons
- Learned to make firing places which they used for making food tastier

Questions:

- i. Write down a story based on the above-mentioned achievements of the Primitive Stage. (Note: You can imagine about their daily life and write one.)
 - ii. Write down any four differences between the life of the Primitive Stage and The Modern Stage (Now).
- b. Why do you think people chose riverbanks to settle? (Note: Although it's not on the text, please think and write. We shall discuss this in our next class.)**

The End.
