

Class: Nursery.

Subject - Mathematics

The worksheet is enclosed in a rectangular border. On the left side, there is a large, dashed outline of the number 4. To its right, there are four illustrations of spotted cows, arranged in a 2x2 grid. Below these illustrations are six horizontal rows of handwriting practice. Each row consists of a solid top line, a dashed middle line, and a solid bottom line. Within each row, there are ten dashed number 4s spaced evenly across the lines for tracing.
