Assignment-2077

(Jestha 22, 2077, Thursday)

Class: Seven

विषय - नेपाली

Subject- Social Studies

Lesson –Transportation: An Important Infrastructure of Development

a. Answer the following questions:

1. Study the handout that's shared in class messenger group and Google Classroom and **prepare a news article** regarding the problems that people are facing in a remote part of our country, where there is no facility of transportation. What sorts of difficulties would you have to face in your day to day life? Mention them with probable solutions.
2. Write any four advantages of road transportation in Nepal.
3. Are 'ropeways' an effective transportation in Nepal? Give your reasons.
4. Write down a short note on 'Airways in Nepal'. Include the date when air service started in Nepal, and write down the names of different private companies providing air services in our country.

Subject- Mathematics

Find the average of the following data.

- a) 12, 8, 6, 10
- b) 15, 35, 20, 25, 40
