Grandpa Fights an Ostrich

Comprehension

The Bat

Most bats fly high,
Swooping only
To take some insect on the wing;
But there's a bat I know
Who flies so low
He skims the floor;
He does not enter at the window
But flies in at the door,
Does stunts beneath the furniture ...
Is his radar wrong?
Or does he just prefer
Being different from other bats?
And when sometimes
He settles upside down
At the foot of my bed,
I let him be.
On lonely nights, even a crazy bat
Is company.
