Class: Six

Subject- Social Studies

Topic - Our Cultural Heritage

Project Work:

Project Guidelines (Cultural Heritage):

Introduction:

We studied about cultural heritage recently. We discussed and watched several videos on it. In this project, you are researching different cultural heritages of Nepal and write about one. You can write down about the major rituals of a community and make a presentation video, you can prepare a powerpoint presentation on any traditional ornaments, songs, dance, or so on, you can draw a picture and explain about some heritages like Bouddhanath Stupa, Pashupatinath, etc. (Note: If you come across something that many people might not have heard of, it's better.) You can interview your grandparents who can explain about different sorts of traditions we used to follow/still follow.

Steps:

1. Share about what you are going to do and we will discuss if it's feasible or not.

2. Work on the topic. Research a lot! Read about it. Watch some videos. Ask your parents and educate yourself!
3. Work on the first draft of the project and share it with me (and the class too, that is, if you want).
4. I will give you some suggestions on the first draft which will motivate you to work on it and make your final project a success.
